

Office of the Secretary, Interior

Pt. 2, App. F

Would the public interest in disclosure be greater than any commercial interest you or your organization may have in the documents? If so, how would it be greater?

(iii) Your identity, vocation, and the circumstances surrounding your request are all factors to be considered in determining whether disclosure would be primarily in your commercial interest. For example:

(A) If you are a representative of a news media organization seeking information as part of the news gathering process, we will presume that the public interest outweighs your commercial interest.

(B) If you represent a business/corporation/association or you are an attorney representing such an organization, we will presume that your commercial interest outweighs the public interest unless you demonstrate otherwise.

(c) If the bureau cannot make a determination based on the information you have provided, it may ask you for additional justification regarding your request.

(5) Inter-agency or intra-agency memorandums or letters, which would not be available by law to a party other than an agency in litigation with the agency;

(B) Would deprive a person of a right to a fair trial or an impartial adjudication;

(C) Could reasonably be expected to constitute an unwarranted invasion of personal privacy;

(D) Could reasonably be expected to disclose the identity of a confidential source;

(E) Would disclose techniques, procedures, or guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law; or

(F) Could reasonably be expected to endanger the life or physical safety of any individual.

(8) Information contained in or related to examination, operating, or condition reports, prepared by, or on behalf of, or for the use of an agency responsible for regulating or supervising financial institutions; and
